About MLA:

The Minnesota Library Association is an association of library supporters, representing all types of libraries by helping them accomplish together what none can do alone. MLA provides opportunities to meet library peers and associates, and meets the interests of its more than 550 members by facilitating educational opportunities, supporting strong ethical standards, and fostering connections between the library community and various constituencies. In addition to the annual three-day conference, programs are planned and sponsored year-round by MLA divisions, sections, roundtables, and committees. Find out more at www.mnlibraryassociation.org.
